Serial ExpressCard/34

Model
158008

Adds a fast serial port to a notebook computer.

The MANHATTAN® Serial ExpressCard/34 card easily adds a high performance serial COM port to connect DB9 (RS-232) serial devices including modems, printers, barcode scanners and more to notebook computers. It combines the reliability, durability and expansion advantages of PC card technology with a compact form factor and low power requirement.

Serial Speed That's Easy to Install.
Windows compatibility, Plug and Play with hot-swap capabilities and bus power combine to offer quick and easy installation into a PCI Express-enabled system with an available ExpressCard slot.

Lifetime Warranty
Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

LIFETIME WARRANTY
