

MM5 Optical Mobile Nano Mouse

**USB, Three Buttons with Scroll Wheel and Two-Port Hub,
1000 dpi**

Remarkable size with full function and performance.

Model
177559

The MANHATTAN® MM5 Optical Mobile Nano Mouse features a modern, two-color design that complements most notebook computers, flat-screen displays and other peripherals. A handy retractable USB cable reel maintains a proper cord length, reduces tangles and neatly stores in any notebook computer bag for travel.

Precision with Comfort and Convenience

Its incredibly small size, ambidextrous shape and three-button configuration with scroll wheel is fully functional to provide direct access to essential commands with minimal wrist movement. It's an ideal, productive alternative to awkward notebook computer touch pads and buttons, and easily stores and packs for use almost anywhere. A built-in, two-port Hi-Speed USB 2.0 hub conveniently expands limited USB access to connect a numeric keypad, digital camera and other peripheralst.

Easy Installation and Low Maintenance

Plug and Play installation and compatibility with Windows 2000/XP/Vista and Mac OS 9 or above offer quick and easy operation. With no mechanical or rolling parts to wear or fail, the MANHATTAN MM5 Optical Mobile Nano Mouse requires little maintenance to maintain reliable performance.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.
