

USB POWER ADAPTER QUICK INSTALL GUIDE

MODELS 401494
& 407489

Thank you for purchasing this MANHATTAN® USB Power Adapter, Model 401494 or Model 407489.

Able to fully recharge most electronics so they can operate at peak performance with fewer interruptions, this handy device rapidly charges USB devices through an AC power source when a USB port isn't available, eliminating inconvenient overnight charging that keeps batteries and the items that they power out of service.

Advanced built-in circuitry helps avoid overcharging and short-circuiting that can damage and reduce the life of batteries and devices.

Model 407489

A bright, front-mounted LED indicates the charge status.

Model 401494

SPECIFICATIONS
